Registered in the commercial register of Bekaa under the No. /4000412/, NBC holds an ISO 9001 certificate.

# Organization Chart

NBC

# Our Mission

NBC's mission is to create and execute high quality projects in all fields while exceeding our client's expectations. We value our clients, and work towards building successful partnerships with them throughout the process of construction.

"When we build, let us think that we build forever." -John Ruskin.

NBC

# Contracting

**“You can dream, create, design, and build the most wonderful place in the world. But it requires people to make the dream a reality.” – Walt Disney.**

We will help your dreams come true! We provide our customers with well finished products that best fit their needs and fulfill their goals by combining our expertise with their vision. Our attention is always focused on our client’s needs. We supply building materials; we execute buildings, infrastructure, roads, and handle structural rehabilitation.

NBC

# Infrastructure

Having access to public services like, roads, water, sewage, electricity, and telecommunication, infrastructure is the foundation for how we live our lives.

We fulfill infrastructure investments made by entities like ministries, municipalities, public-private partnerships, NGO's, etc...

We provide construction of new infrastructure networks and rehabilitation to existing ones by the installation of pipelines, manholes, house connections, manholes, water mains, reservoirs, canals, retaining walls, WWTP, etc...

NBC

# Roads

We fulfill road construction and rehabilitation supported by ministries, municipalities, public-private partnerships, NGO's, etc...

We perform excavation, leveling, backfilling, laying and compacting subbase and base coarse layers and finally repaving.

We also execute all necessary incidental works such as installation of concrete curbs, gutters, tiles, temporary safety devices and traffic control devices (Road signing and marking, bollards, delineators, etc...)

**“The road to success is always under construction.”—Arnold Palmer.**

“Construction is the art of making a meaningful whole out of many parts.”

— Peter Zumthor

## NBC Buildings

Our construction expertise spans both residential and commercial buildings within the public and private sectors, in addition to NGO's.

We build from A to Z. Our services in this sector contribute to civil, architectural, mechanical, and electrical works: Excavation, leveling, concrete works, reinforcement, backfilling, finishing works (CMU, plastering, painting, waterproofing, false ceilings, tiling, rendering, steel works, carpentry, aluminum, etc...), plumbing, sanitary, piping, HVAC, lighting, wiring, panel boards, systems (telecommunication, fire alarm, CCTV, TV), elevators, and all related works.

NBC

# Building Materials

We supply high quality raw materials such as sand, gravel, sub base, base coarse, crushed stones, and all types of aggregates, etc... from our own crusher located in Qab Elias (Lebanese Company for Building and Construction LCBC) and deliver them anywhere in the Lebanese territory through our own truck fleet.

We manufacture and supply all types and sizes concrete hollow block conforming to the international standards and to the satisfaction of our clients.

**“Even a brick wants to be something.” – Louis Kahn.**

NBC

# Manufacturing

**240**  
cubic meter/hour

Concrete Batching Plant located  
in Qab Elias (Bekaa Ready Mix  
Beton BMB)

**170**  
ton/hour

Asphalt Batching Plant located in  
Qab Elias (Modern Company for  
Cement Industry MCCI).

**250**  
ton/hour

Asphalt Batching Plant located in  
Choweifat-Beirut (Lebanese Company  
for Asphalt and Concrete LAC).

We manufacture and deliver all types of ready mix concrete and asphalt to the satisfaction of our clients conforming to international norms and codes using the best quality materials. **"Use the best possible materials, and reveal the quality of those materials and the craftsmanship of their assembly."** – Karl Friedrich Schinkel.

“It is not the beauty of a building you should look at; it’s the construction of the foundation that will stand the test of time.” David Allan Coe

NBC

# Shoring

We do all types of shoring and piling works for any type of construction projects. Bearing on the large fleet of shoring and piling equipment and an array of highly talented and experienced workforce, we deliver high quality services to our clients.
